ASHLEY SNYDER
Interior Designer

About Me

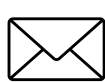

I'm an interior designer with a passion for creating spaces that reflect my client's personalities. I truly enjoy creating designs for clients that showcase their unique backgrounds and highlight their homes' character and architecture.

I received my Bachelor's Degree of Interior Design from the Rocky Mountain College of Art & Design and received Summa Cum Laude honors. Design came easy for me because it is truly something I am passionate about. No two projects are alike and the creativity in coming up with design solutions and creating beautiful spaces brings me great joy!

Over the last 6 years, I worked as a virtual designer for Modsy and as an interior designer for a local firm in Lincoln, NE. For the last two years, I've worked as an independent contractor while raising my two babies at home. I have expertise in all areas of design from kitchen and bathrooms, styling and finishing spaces, to complete remodels and new custom home builds.

Experience

SALTBOX STUDIO 2022-PRESENT

Owner / Interior Designer

Created and operated new business focusing on virtual design, 3D rendering, drafting, space planning, and local staging for realtors. Managed multiple projects and team members, maintained budgets and bookkeeping, appointments, and follow-up meetings with clients. Sourced furnishings for stagings, created cohesive designs for real estate properties, and implented delivery and set up of final installations.

INSPIRING HOMES DESIGN 2019

Interior Designer

Managed multiple projects which included remodels, new custom builds, staging and furniture sourcing and decorating for clients. Created innovative design solutions to meet and exceed client expectations. Specified finishes, fixtures, and materials while staying within allocated budgets. Designed floor plans, elevations, tile layouts, and 3D renderings using multiple software platforms.

MODSY 2019

Redesign Specialist

Assist customers with redesign requests from initial interior designs. Use Modsy's 3D layout tools/rendering software to create new designs based on customer feedback to ensure customer satisfaction. Cross check reference notes from customers and Design Specialists to gather information and implement new designs. Prioritize administrative duties, attend weekly meeting and workshops, communicate with supervisors and coworkers.

Education

BACHELOR OF ARTS IN INTERIOR DESIGN 2018-2021

Rocky Mountain College of Art & Design

Bachelor of Arts degree that draws from art, architecture, environmental design, graphic design, and industrial design.

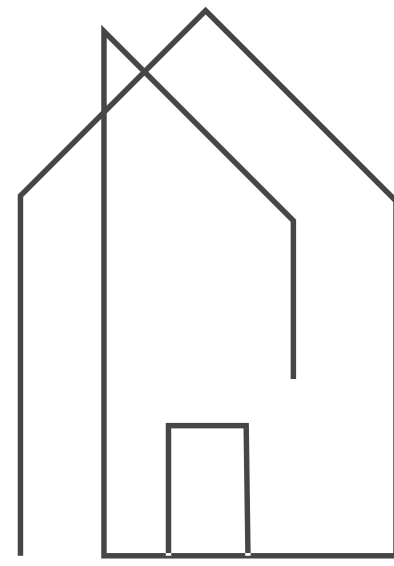

BACHELOR OF SCIENCE IN EDUCATION 2011-2013

Chadron State College

Bachelor of Science program that covers special instructional methods in science, health, reading, mathematics, social studies, language arts, student and program assessment (tests and measurements), curriculum, guidance, English language learners, multicultural and human relations, classroom management, special education, and other pertinent professional topics and issues.

Kitchen Remodel

Client: Melissa
Residential Remodel

Samples & Materials

Kitchen & Dining

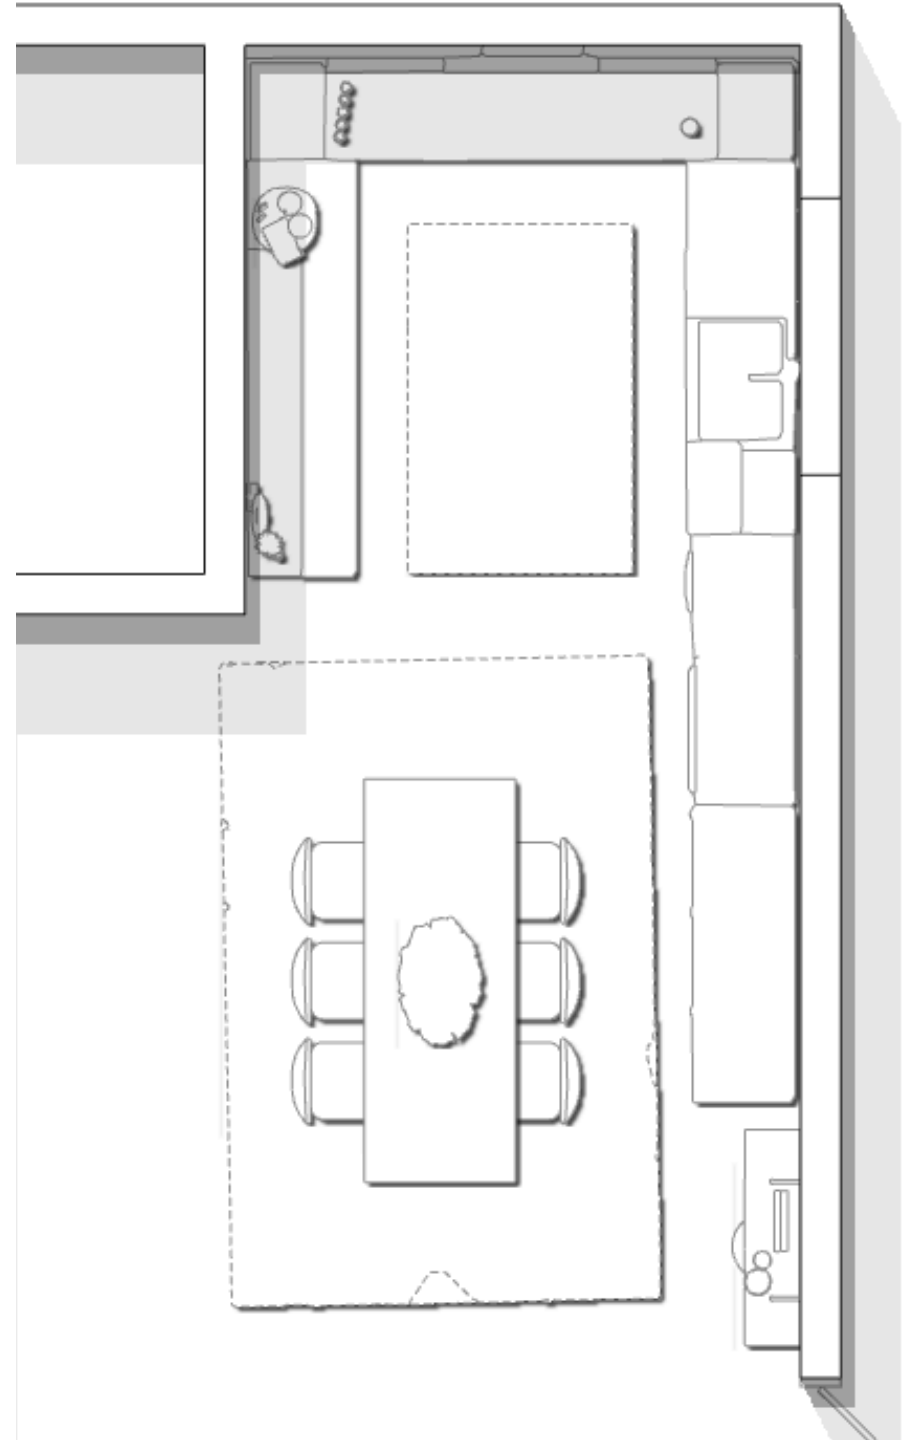

This kitchen remodel blends refined femininity with earthy elegance, creating a space that feels both sophisticated and natural. A modern vent hood serves as a bold focal point, complementing the high-contrast emerald green and white marble backsplash. Soft green cabinetry grounds the design, paired with sleek grey quartz countertops for a touch of understated luxury. Thoughtfully selected materials and finishes bring warmth, depth, and a timeless yet fresh aesthetic.

Design

This kitchen blends modern elegance with natural warmth, featuring soft sage cabinetry, open wood shelving, and marble surfaces for a timeless yet inviting feel. A bold green-and-white tile backsplash adds an eye-catching focal point, while the soft curves of the light fixtures keeps the room feeling ultra feminine. Natural light completes the look, creating a space that is both refined and effortlessly functional.

Living Room & Lounge Remodel

Client: Shayla
Residential Remodel

Living Room & Lounge

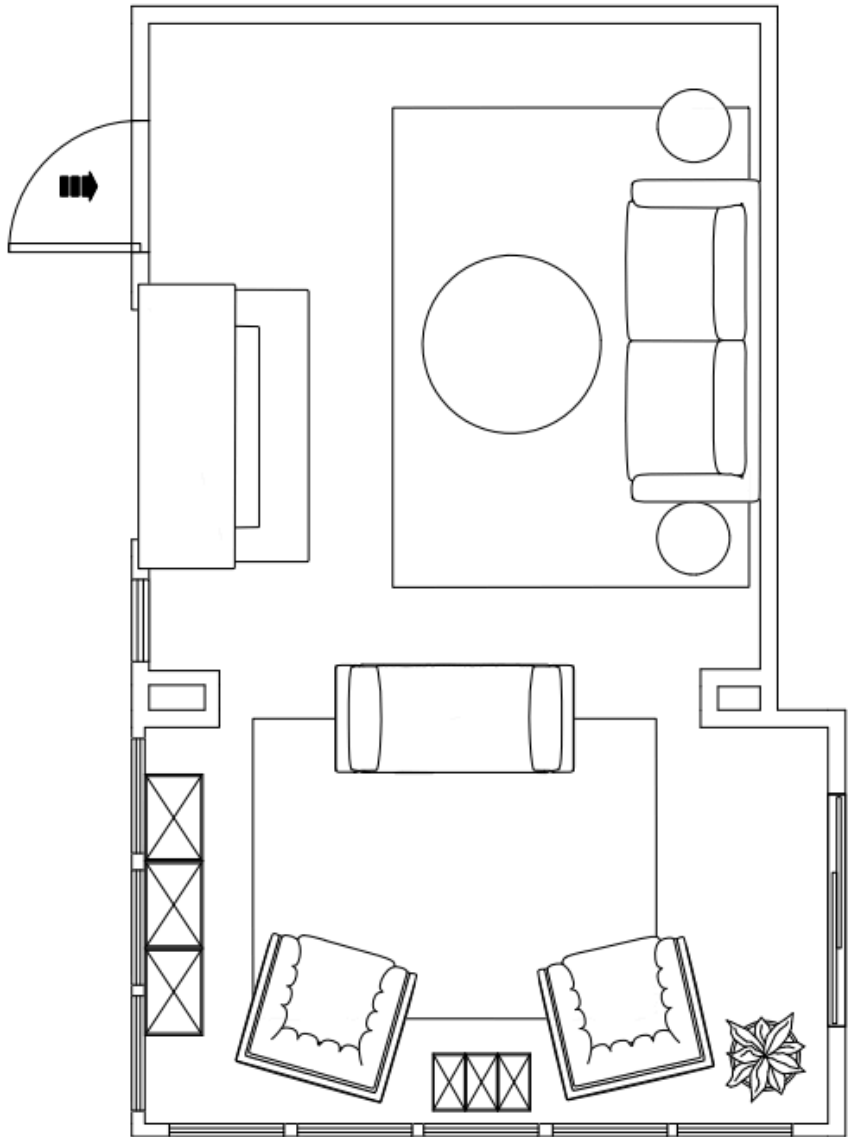

This thoughtfully designed living space beautifully balances comfort and style, embodying a lived-in character. The living room features transitional light-colored furniture that creates an airy elegance, while the sunroom boasts rich, dark brown leather club chairs for warmth. Statement pieces in bronze and brass connect the two areas, enhancing their distinct color schemes. Together, they invite relaxation and conversation, making the space a perfect retreat for both intimate gatherings and lively entertaining.

Living Room & Lounge

Design

This living room design combines modern elegance with timeless warmth. A neutral palette with soft whites, browns, and metallics creates a cozy yet sophisticated vibe. The stone fireplace, leather chairs, and plush chaise offer both style and comfort, while curated accents and moody lighting add depth and character.

Living Room Refresh

Client: Alyson
Residential Remodel

Samples & Materials

Living Room

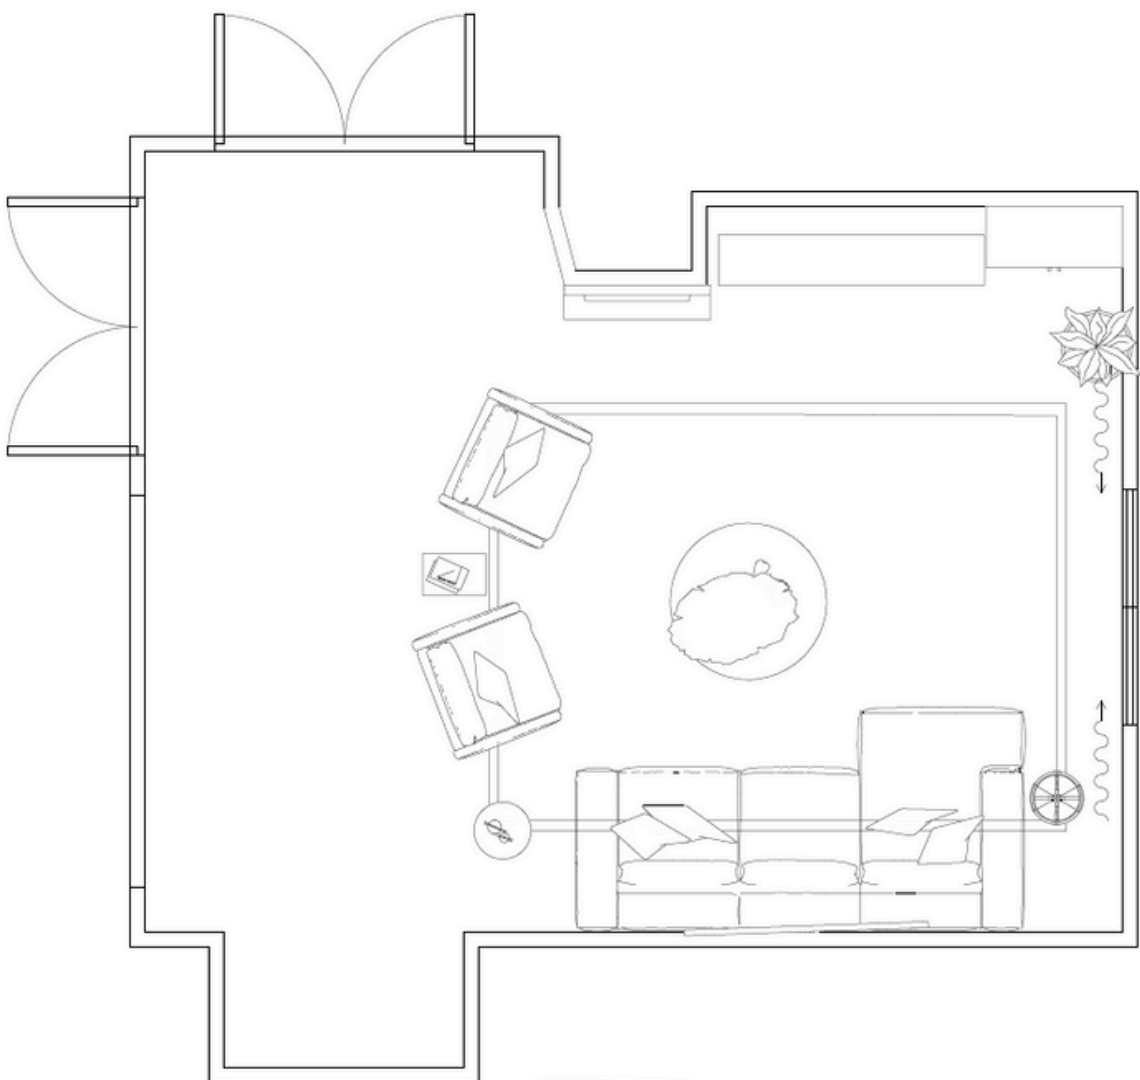

This project was centered around giving a fresh updated look while keeping a few key pieces to work around (green wall art, grey sofa). I selected a mix of modern patterns with natural materials and clean lines to create a moody and modern living room design.

3D Renders

A large, open living room with a stone fireplace on the left, a built-in white cabinet with a TV in the center, and a glass-paned door leading to a patio on the right. The floor is covered in light-colored wood planks.

Wet Bar Construction

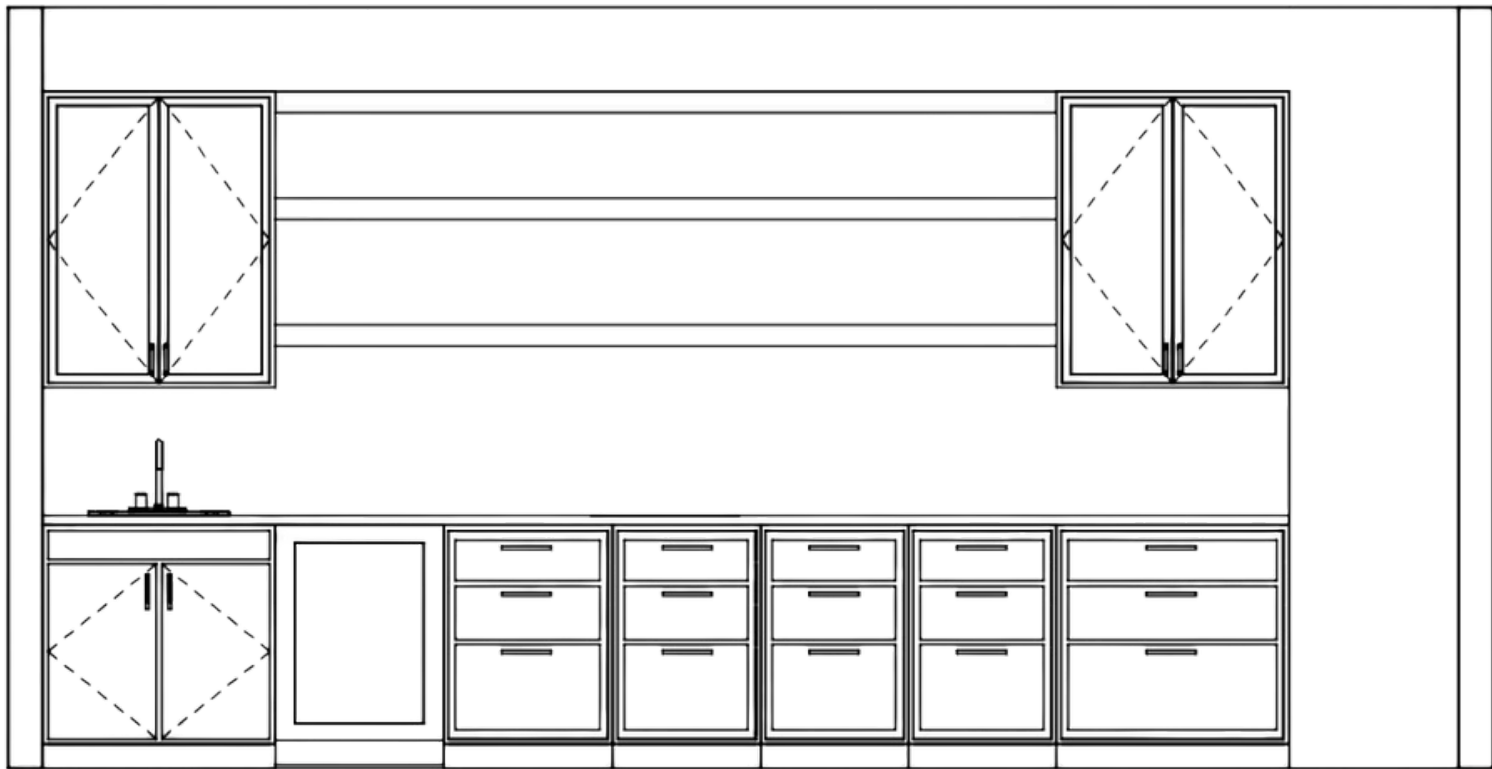

Client: Beth
Residential Remodel

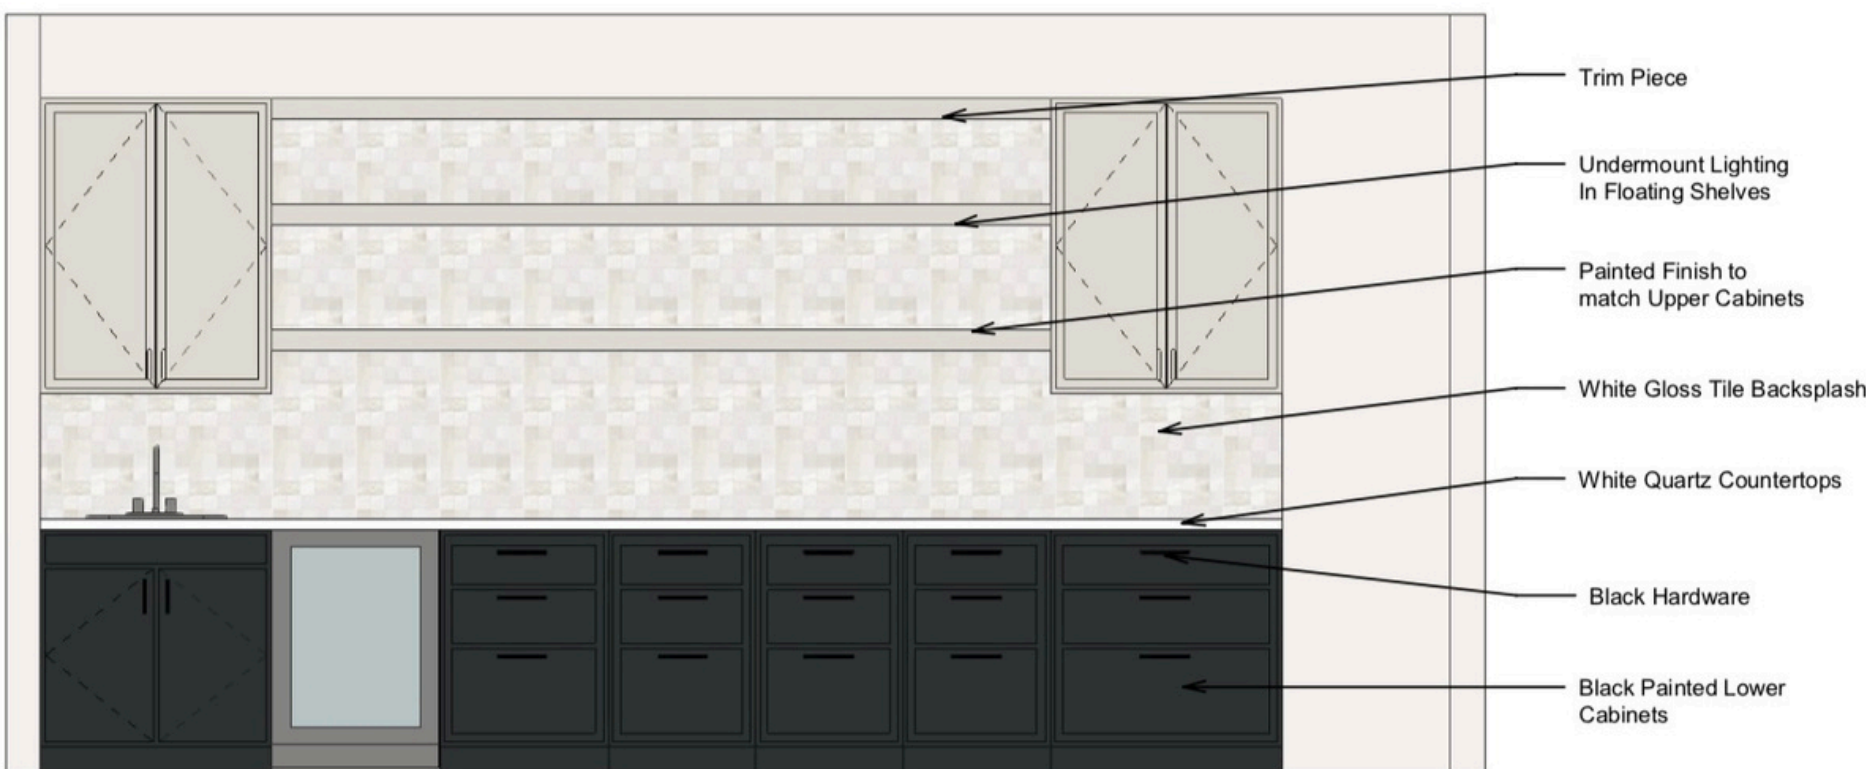

This project entailed creating floor plan and elevation views for an interior designer client of mine. Her client's needed some extra visuals to help them decide finish colors and layouts. By providing 2D visuals in the form of elevations, they were able to make a sound decision and love their final design choice!

Guest Bedroom Refresh

Client: Keely
Residential Remodel

Samples & Materials

Guest Bedroom

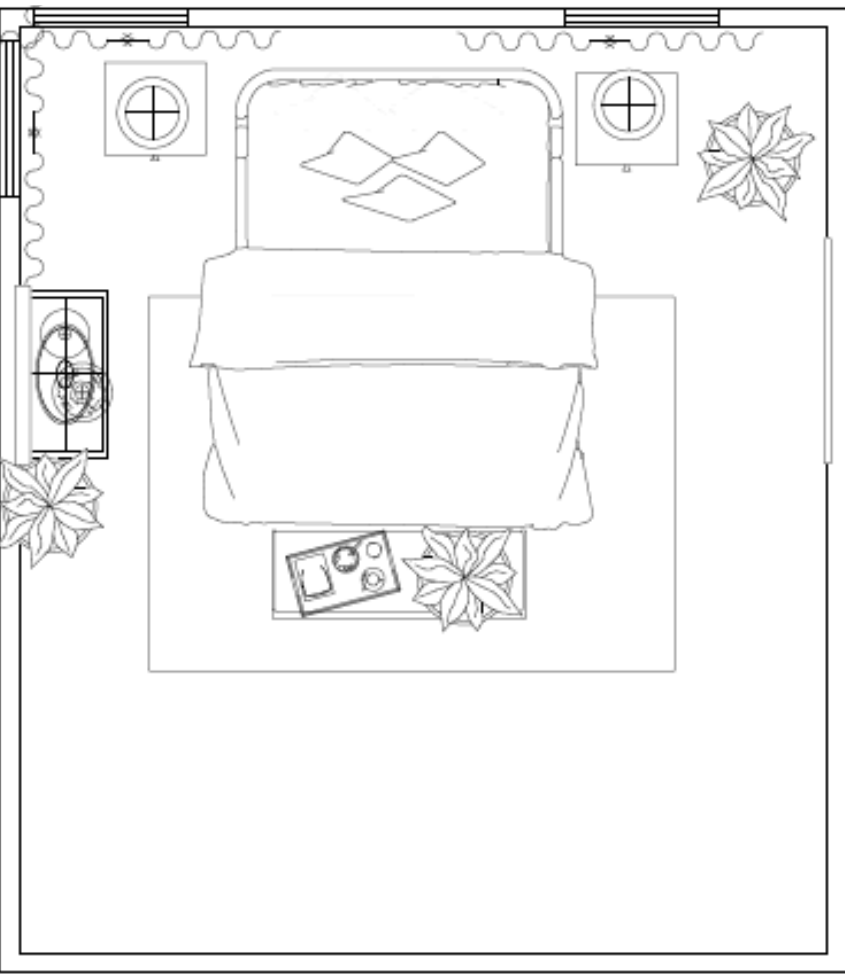

This guest bedroom design exudes both warmth, masculinity, and modern elements that help to accommodate both guests and the client's son when he comes home to visit from college. The rich and rusty browns combined with modern forms, adds sophistication while the layering of textures makes any guest want to stay and lounge in this room.
